

EVALUATION OF INSTRUCTIONAL PROGRAMS

The school board is committed to the ongoing evaluation of the instructional program within the Division. This evaluation is essential to the continuing provision of high-quality educational services, and the board shall be regularly informed of such assessment results. The administration is charged with involving the entire school staff in a continuous program of curriculum study encompassing all aspects of instructional activity within the Division. The administration will report to the board the identified needs and progress in the provision of educational opportunities designed to meet the needs, interests and expectations of all students.
