

BOARD-STAFF COMMUNICATIONS

The Mecklenburg County School Board supports and encourages the concept of two-way communication between the Board and employees. The superintendent is the official representative of the School Board as its chief administrative officer in its relations and communications with its employees. A description of the two-way communication system shall be included in this policy manual.

The School Board desires to develop and maintain the best possible working relationship with the employees of the school division. The Board welcomes the viewpoints of employees, and it shall allow time at its meetings for employees to be heard.

It is the policy of the School Board not to discriminate against any employee by reason of his or her membership in an employee organization, or participation in any lawful activities of the organization.
